   - Vision & Key Achievements
   - 2045 Carbon Neutrality Strategy

※ Appendix
   - 2026 Key Board Activities
   - Shareholder Returns Execution Status
   - Key Sustainability Activities & Achievements
   - ESG Ratings & Key Improvements

1. Key Roles of Hyundai Mobis's Board of Directors

Independent Oversight
Independent judgment in the interest of all shareholders, with checks on management

Strengthening Core Business Competitiveness
Building a foundation for sustainable growth through leadership in safety, quality and technology, and manufacturing profitability

Strategic Review & Advisory
Reviewing feasibility of mid- to long-term strategy, major investments and business restructuring

Enhancing Shareholder Value
Long-term, stable growth in corporate value

Expanding Future Growth Engines
Growing a new business portfolio in electrification, software, robotics and more

Profitability-Focused Management
Improving module & core-parts profitability and capital efficiency

Stronger Shareholder Engagement
Listening to shareholders, conveying their views to the Board and reflecting them in decision-making

Sustainability & Risk Oversight
Reviewing risks from a long-term perspective and overseeing sustainable value creation

A Board that delivers sustainable shareholder value through a virtuous cycle of strategy and governance

2. Board Overview

Board Composition

Composed of experts with diverse gender, nationality, and professional experience

(7 members – 4 Independent, 3 Internal)

*The Board currently has seven directors: after one independent director's seat became vacant, one internal director resigned to keep an independent majority. The Board will expand to nine (five independent, four internal) after the 2027 AGM

Governance

Hwajin KIM Director

Current) Distinguished Global Professor (University of Michigan Law School)

BoD and Committees – Current Status

Board of Directors

(4 Board Committees + Board of Independent Directors)

Audit Committee (4 Directors)

- Hyonjoo Park (Chair)
- Hwajin Kim
- James Kim
- Keith Witek

Independent Director Candidate Recommendation Committee (5 Directors)

- Hwajin Kim (Chair*)
- Hyonjoo Park
- James Kim
- Keith Witek
- Gyusuk Lee

*Following the resignation of former Chair Director Jina Kang, Director Hwajin Kim is currently serving as Interim Chair. The Chair will be replaced after a new Independent Director is appointed at the 2027 AGM

Corporate Sustainability Management Committee (5 Directors)

- Hwajin Kim (Chair)
- James Kim
- Keith Witek
- Hyonjoo Park
- Gyusuk Lee

Compensation Committee (3 Directors)

- James Kim (Chair)
- Hwajin Kim
- Keith Witek

Board of Independent Director (4 Directors)

- Hwajin Kim (Lead Independent Director)
- James Kim
- Keith Witek
- Hyonjoo Park

3. 2026 Governance Highlight

Category		Details (* Composed entirely of Independent Directors)
Board	Strengthening Independence	▪ Settled in the Lead Independent Director and Board of Independent Directors* system - Established decision-making process enabling independent review of shareholder interests by Independent Directors on agendas - Board of Independent Directors independently reviews major agenda items and provide opinions to the Board/Committees
	Expanding Board Oversight	▪ Expanded scope of Board discussions and strengthened response to future risks - Risk review of potential management issues (e.g., cybersecurity, personal data protection, global financial accident prevention system) - Strengthened regular reporting to the Audit Committee on internal audit plans and results
Enhancing Shareholder Rights & Value	Strengthening Shareholder Protection	▪ Enhanced agenda submission process to protect shareholder interests - Preliminary review prior to submission for the BoD to sufficiently consider shareholder interests during the decision-making process - Supported BoD decision-making on major agenda items by combining prior review opinions from Legal and IR teams and, if necessary, advisory opinions from third parties such as external legal experts ▪ Improved Governance Framework - Revised the Articles of Incorporation and related systems in response to the amended Commercial Act (e.g., expanded directors' fiduciary duty to shareholders, Independent Director system, Audit Committee member appointment requirements)
	Shareholder Returns	▪ Shareholder returns based on balanced growth in revenue and profit ('25–'27 Plan: Revenue CAGR 8%+, OPM 5–6%, TSR 30%+) - '25 Results: Revenue growth 6.8%, OPM 5.5%, TSR 32.8% - Execution of 2026 Shareholder Returns: Interim dividend (KRW 1,500 per share), share buyback/cancellation (KRW 500B annually), etc.
	Strengthening Shareholder Value-Linked Compensation	▪ Granted performance-linked stock incentives to executives (based on 2025 evaluation; approx. 3,800 shares to 62 executives in total) - Expanded stock compensation from employees to executives, aligning interests between management and shareholders and strengthening accountable management

4. Board Agenda Submission Process for Protecting Shareholder Interests

HYUNDAI MOBIS

STEP 01

Early Sharing of Major Agenda Items

Reporting progress at each stage from the early phase of business initiatives and gathering Independent Directors' opinions

STEP 02

Legal & IR Review

Review of legal and procedural appropriateness and impact on shareholder interests

STEP 03

Independent Preliminary Discussion

Independent preliminary review of major agenda items and gathering of opinions through the Board of Independent Directors and relevant Committees

Committees: 21 meetings / Board of Independent Directors: 10 meetings

※ Including meetings scheduled for Dec.

STEP 04

BoD Deliberation & Resolution

Final deliberation and approval based on sufficient review and consideration

※ Including meetings scheduled for Dec.

BoD: 11 meetings

Expanding Scope of Preliminary Board Discussion

- Expanded scope of Board discussions on key management issues and strengthened oversight function
  - Proactively discussed potential risks (e.g., cybersecurity, personal data protection) in response to the rapidly changing business environment
  - Strengthened Board oversight of financial soundness and internal controls over fund management by reviewing global liquidity management and the financial accident prevention system
  - Strengthened Board oversight beyond internal control reviews through separate reporting and in-depth review of internal audit activities

Efficient & Stable Decision-Making Process

- Strengthened Independent Directors' deliberation function through phased preliminary reporting
  - Reduced information asymmetry between management and Independent Directors, supporting in-depth discussions and substantive decision-making that consider shareholder interests based on sufficient prior understanding of agenda items
- Preliminary Legal & IR review to protect shareholder interests
  - Strengthened preliminary review of major management decisions as directors' fiduciary duty was expanded to shareholders under the Commercial Act
  - Legal: Review of compliance with laws on directors' fiduciary duty, appropriateness of decision-making procedures and potential conflicts of interest
  - IR: Review of impact on shareholder interests, interests among shareholders and investor perspectives

Independent Decision-Making Process

- Operation of Board of Independent Directors
  - Preliminary review of major agenda items from a perspective independent of management
  - Review opinions delivered and reflected in BoD deliberations
- Independent Director-Led Committees
  - Audit Committee (Composed entirely of Independent Directors)
    : Oversight of financial reporting, internal accounting management and audit, and internal controls
  - Compensation Committee (Composed entirely of Independent Directors)
    : BoD evaluation and review of director compensation limits
  - Corporate Sustainability Management Committee (4 Independent + 1 internal)
    : Sustainability management, ethical management and fair trade
  - Independent Director Candidate Recommendation Committee (4 Independent + 1 internal): Qualification review and recommendation of Independent Director candidates

5. Shareholder Return Policy

Evolution of Shareholder Return Policy

* Adjusted payout ratio: Total dividends / Net income excluding equity-method income

※ Total Shareholder Return(TSR)
: (Cash dividends + Share buyback & cancellation + Cancellation of previously held treasury shares) / Net income attributable to controlling shareholders

Phase1 : 2019 ~ 2021

Introduced a leading shareholder value enhancement policy

- Dividend: 20–40% of FCF
- Treasury shares: KRW 1.1T buyback over 3 years
- Cancelled previously held shares (KRW 460B) + KRW 187.5B of repurchased shares

Phase2 : 2022 ~ 2024

Continued annual shareholder return policy reflecting the business environment

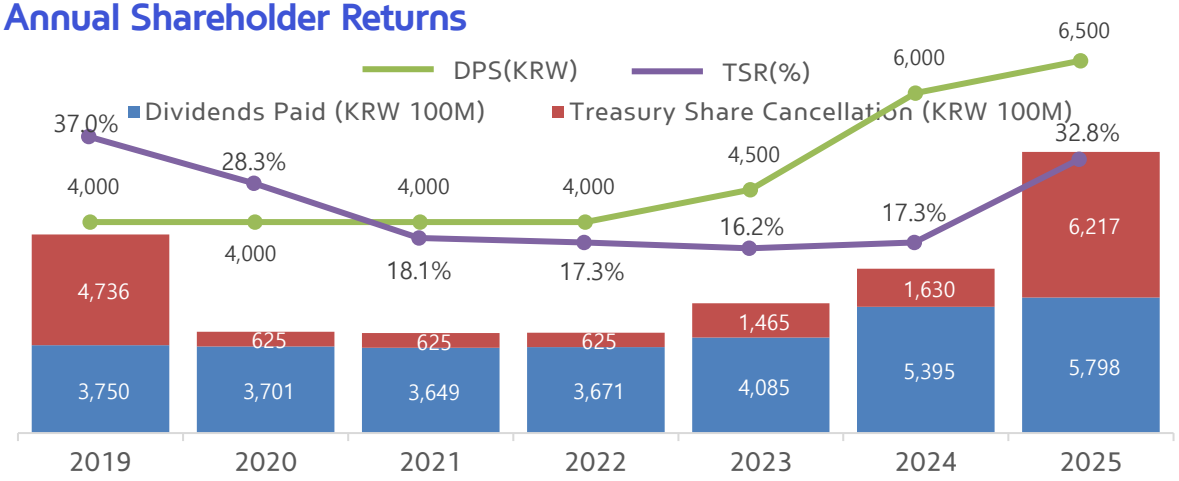

- Dividend: Based on adjusted payout ratio* of 20–30%
- Treasury shares: KRW 622.7B buyback over 3 years
- Cancelled all shares repurchased since '23 (KRW 372B)

Phase3 : 2025 ~ 2027

Shareholder return policy based on TSR 30%+

- Flexible operation of dividends and treasury share cancellation
- Cancel all previously held treasury shares over 3 year

Annual Shareholder Returns

(Unit: KRW 100M)		2019	2020	2021	2022	2023	2024	2025
Cash Dividends (①)		3,750	3,701	3,649	3,671	4,085	5,395	5,798
	Adjusted Payout Ratio	21.0%	29.5%	21.7%	23.2%	20.4%	20.1%	21.8%
Treasury Shares	Buybacks	3,225 (1.3M shares, 1.4%)	2,348 (0.98M shares, 1.4%)	4,286 (1.5M shares, 1.4%)	3,132 (1.5M shares, 1.6%)	1,465 (0.63M shares, 0.7%)	1,630 (0.66M shares, 0.7%)	4,145 (1.6M shares, 1.7%)
	Cancellations (②)	4,736 (2.3M shares, 2.4%)	625 (0.26M shares, 0.3%)	625 (0.22M shares, 0.2%)	625 (0.29M shares, 0.3%)	1,465 (0.63M shares, 0.7%)	1,630 (0.66M shares, 0.7%)	6,217 (2.3M shares, 2.4%)
TSR (①+②)		8,486	4,326	4,274	4,296	5,550	7,025	12,015
	TSR Ratio	37.0%	28.3%	18.1%	17.3%	16.2%	17.3%	32.8%

Key Targets & 2026 Execution Status

Revenue CAGR	OPM	TSR
8%+	5~6%	30%+

'25 Revenue Growth	OPM	'25 TSR Acheived
6.8%	5.5%	32.8%
'26.3Q YTD 4.1%	'26.3Q YTD 5.7%	

Areas	2026 Execution Status
Dividends	- Interim dividend paid (KRW 1,500 per share / KRW 132.4B in total) - Year-end dividend to be paid in early '27
Buyback / Cancellation	- Completed KRW 500B share buyback/cancellation (Cancellation date: Aug. 3)
Cancellation of Previously Held Treasury Shares	- Remaining amount to be settled in early '27 based on TSR 30% - Treasury share holding/disposal plan approved at the 49th AGM ※ All remaining shares to be cancelled by Sep. '27 after use for employee compensation

6. Sustainability Management – Vision & Key Achievements

Key Achievements in 3 Sustainability Directions Based on Management Vision

Management Vision

Lead the Shift in Mobility, Move the World beyond Possibilities

3 Strategic Directions

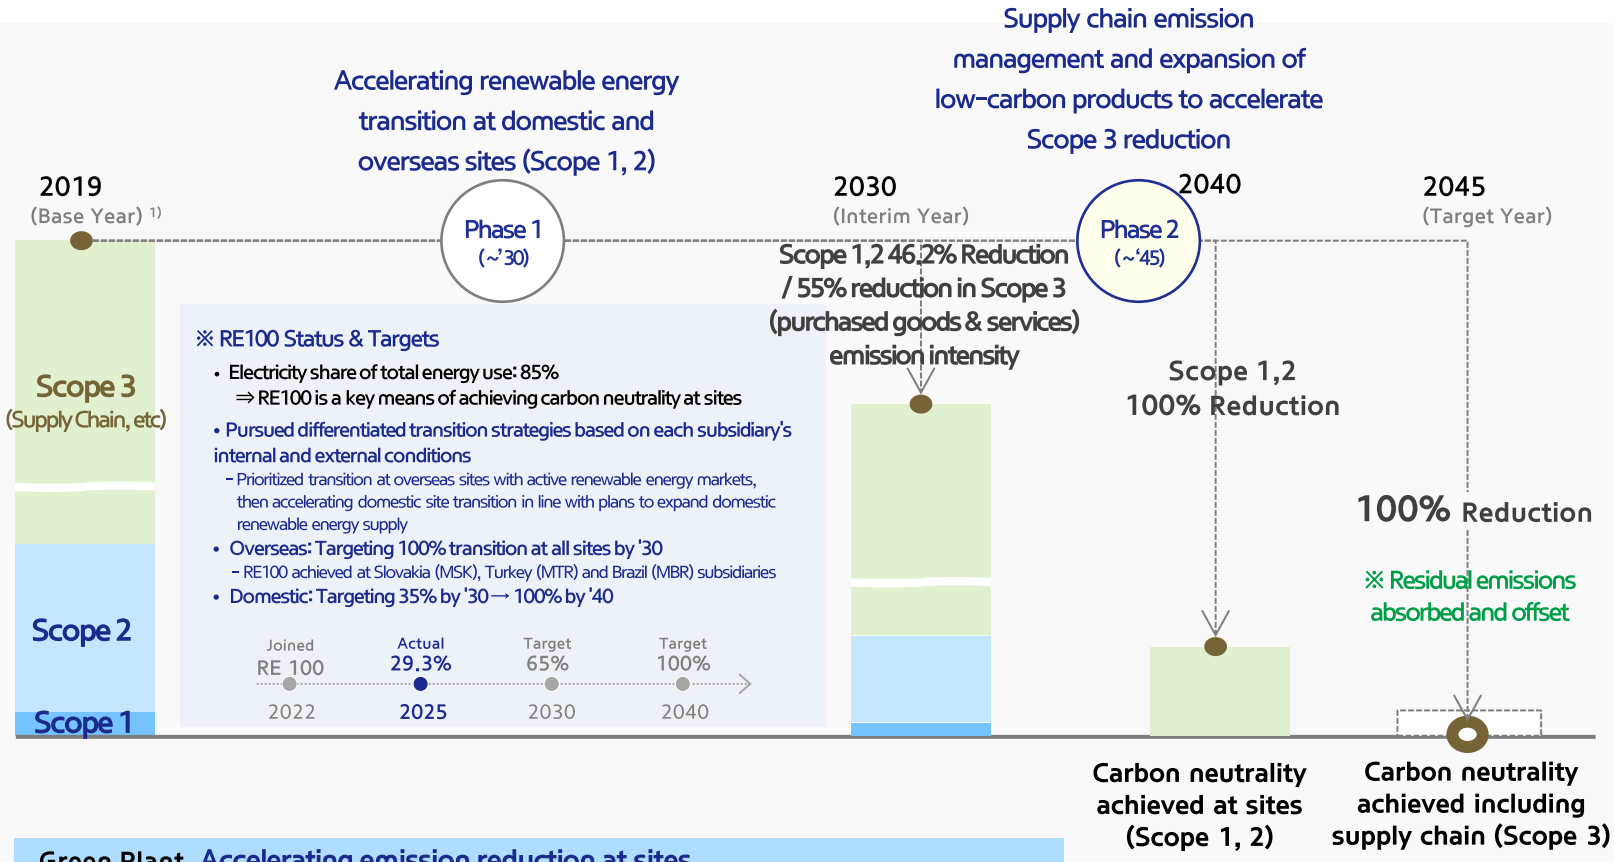

Green Acceleration
- Achieving carbon neutrality
- Realizing a circular economy
- Expanding eco-friendly products

Inclusive Business
- Building people-centered workplaces
- Responsible supply chain management
- Strengthening community contribution

Responsible Growth
- Advancing governance
- Ensuring reliable disclosure
- Promoting stakeholder engagement

Key Achievements	Details	Key Indicators
Strengthening Climate Action	✓ Pursued SBTi-based emission reduction – 2030 interim target: 46.2% reduction in Scope 1+2, 55% in Scope 3 ✓ Operated RE100 roadmap – Target: 65% by 2030 → 100% by 2040	▪ Scope 1, 2 GHG emissions down 10% YoY (358,358 tCO_2eq) ▪ Renewable energy transition rate 29.3%
Strengthening Global Organization & Human Rights Management	✓ Fostered future technology talent focused on SW and AI semiconductors ✓ Expanded human rights risk assessments at global sites ✓ Strengthened discrimination and harassment prevention, and advanced grievance channel operation	▪ Global employees: 51,899 – Female employees: 20.8% – Female senior managers (team leader or above): 9.8% ▪ Conducted human rights impact assessments (41 domestic and overseas sites) ▪ 193 human rights grievances received, 190 resolved ('25E)
Advancing Supply Chain Sustainability Management	✓ Expanded supply chain ESG assessments and due diligence ✓ Supported supplier improvements (training, consulting, ESG assessment consulting for tier-2 suppliers)	▪ Hyundai Mobis sites assessed and audited (60 in total) – (Sites) Manufacturing: 27, Service Parts: 33 – Completed all 173 required corrective actions ▪ Supplier sites assessed and audited – 598 suppliers completed ESG assessments – Improvement plans established for 100% of 197 high-risk suppliers
Strengthening Shareholder Value	✓ Operated shareholder value enhancement policy ✓ Enhanced agenda submission process to protect shareholder interests	▪ TSR 32.8%, DPS KRW 6,500 ▪ 1 female Independent Director

Targeting Carbon Neutrality at Sites by 2040 and Including Supply Chain by 2045

1) Base year emissions
- Scope 1 : Direct emissions from fossil fuels at sites (50K tCO_2 e)
- Scope 2 : Indirect emissions from electricity and steam at sites (330K tCO_2 e)
- Scope 3 : Emissions from broader business activities beyond Scope 1/2 (supply chain, business travel, product use/disposal, etc.) (13.78M tCO_2 e)

[Appendix] 2026 Key Board Activities

Key BoD Activities

BoD & Committee Meeting

- Held 11 BoD meetings and 21 Committee meetings
  ※ Including meetings scheduled for De
- Held 10 Board of Independent Directors meetings
  : Board of Independent Directors, led by the Lead Independent Director, independently reviews agenda items in advance; introduced in '25 and settled in '26
  Strengthened shareholder protection by establishing an Independent Director body that independently reviews BoD agenda items

BoD Evaluation (First in Korea to introduce external evaluation)

- Completed 1st 3-year evaluation cycle ('21–'23 / Year 1: external, Years 2–3: internal)
- Conducting 2nd 3-year evaluation cycle ('24 ~ '26)
  External evaluation in '24, internal evaluation completed in '25, internal evaluation in progress in '26
  ※ Using internal evaluation process enhanced through external consulting (completed Dec. '23)

Key Activities in '26

- Inspected overseas (U.S.) sites
- Expanded scope of Board discussions and strengthened response to future risks
  Expanded discussions on emerging business environment issues (e.g., cybersecurity, AI-driven changes in ways of working)
- Held BoD seminar 2-day strategy seminar (Sep.), etc

New Independent Director & Key BoD Agenda

Appointment of New Independent Director Hyunjoo Park

Director Hyonjoo Park
Term: Mar. '26 – Mar. '29

- Capital Markets & Corporate Finance Expert

Female Independent Director and corporate finance expert who served as Deputy Senior Vice President at SCB

Key Agenda Items

Governance / Shareholders	• Approved shareholder value enhancement policy (FY2026) • Appointed new Independent Director: Hyunjoo Park (accounting & finance expert) • Amended the Articles of Incorporation and BoD regulations to reflect the amended Commercial Act and protect shareholder rights
Strengthening ESG Management	• Materiality assessment results (review of key ESG issues incl. climate change and supply chain) • Discussed changes in business environment due to climate change and response strategy • Health & safety enhancement activities (improving high-risk factors and strengthening safety management at overseas subsidiaries)
Key Decisions	• Approved business plan and financial statements • Equity investment in HMG Future Complex • Spin-off and sale of lamp business

[Appendix] Shareholder Returns Execution Status

HYUNDAI MOBIS

Category	2019 – 2021[1]	2022	2023	2024	2025 – 2027
Dividend	▪ Dividend payout ratio: 20%–40% of FCF ▪ Over 3 years, 34% of total FCF distributed as dividends – Dividend per share(DPS) increased (KRW 3,500 → KRW 4,000) – Total dividends: KRW 1.11 tn. ▪ Interim dividend[2] (Since 1H 2019, KRW 1,000 / share)	▪ Payout ratio[4] 20% – 30% ▪ DPS KRW 4,000 – Dividend : KRW 367.1 bil. – Payout ratio 23.2% ▪ Interim dividend (KRW 1,000 / share)	▪ ← Same as left ▪ DPS KRW 4,500 – Dividend : KRW 480.5 bil. – Payout ratio[4] 20.4% ▪ Interim dividend (KRW 1,000 / share)	▪ ← Same as left ▪ Interim dividend (KRW 1,000 / share)	▪ TSR[5] 30%+ – Strategic Shareholder Returns : Flexible approach between cash dividends and share buybacks ※ Achieved 2025 TSR of 32.8% ※ 2026 Shareholder Return Execution Status ① Dividend – Interim dividend paid (KRW 1,500 per share / KRW 132.4B in total) – Year-end dividend to be paid in early '27 – Dividend size expected to be similar to the previous year ② Buyback/cancellation – Completed KRW 500B share buyback/cancellation (Cancellation date: Aug. 3) – Remaining amount to be settled in early '27 based on TSR 30%
Share Buyback	▪ Total share buyback of approx. KRW 1 tn. over 3 years (Unit: 100M KRW) / 2019 / 2020 / 2021 Buyback / 3,225 / 2,348 / 4,286	▪ Buyback amount of KRW 313.2 billion – Same level as past 3 years	▪ Buyback amount of KRW 146.5 billion – Reduced buyback scale due to increased CAPEX for North American Electrification plants, etc.	▪ Buyback amount of KRW 163.0 billion – Acquired in May 2024	
Share Cancellation	▪ Cancellation of held treasury shares[3] (KRW 460 billion) ▪ Cancellation of approx. KRW 187.5 billion out of entire buyback amount (KRW 62.5 bil. per year)	▪ Cancellation of acquired treasury shares (KRW 62.5 billion)	▪ Cancellation of entire acquired shares (KRW 146.5 billion)	▪ Cancellation of entire acquired shares (KRW 163.0 billion) – Date : June 3rd, 2024	▪ Full cancellation of previously held treasury shares (2.5 mil. shares) – KRW 207.2 billion worth Shares cancelled in 2025 (700K shares)

1. Announcement of 3 year mid/long term shareholder return policy (Feb. 2019 / Cash Dividend KRW 1.1tn + Share Buyback KRW 1tn + cancellation KRW 187.5 bil. of acquired shares + cancellation KRW 0.46 tn of previously held treasury shares)
2. Did not pay out quarterly dividends in 2020, considering external uncertainties associated with COVID-19, however, paid KRW4,000 per share as year-end dividend in 2020
3. Cancelled 2mn. shares cancellable by BoD resolution, among 2.6mn. treasury shares held
4. Net Income excluding dividend income
5. TSR (Total Shareholder Returns) : Dividend + share buyback/cancellation

[Appendix] Key Sustainability Activities & Achievements

Key Activities

Jan.2026	G	**Shareholder Value Enhancement Plan** (2026 Annual Operating Plan)
Feb.2026	S	**Partners Day for win-win cooperation with suppliers** (Shared business strategy, technology strategy and achievements with member suppliers and equipment suppliers)
Apr.2026	S	**Expansion of ESG diagnostic system for supply chain to value chain** (Expanded to raw material suppliers, logistics providers and in-house subcontractors)
	S	**Conducted due diligence at domestic and overseas sites subject to human rights impact assessments** (Jun~Oct)
May.2026	G	**Publication of Corporate Governance Report**
	S	**Launched 'Moabit', a subsidiary-type standard workplace for persons with disabilities** (Expanding employment and building capabilities of persons with disabilities; 100% owned)
Jun.2026	ESG	**Publication of Sustainability Report** (Korean in June, English in July)

Major Achievements

Environment

Response to climate change

- Accelerated renewable energy transition
  - └ domestic v-PPA contract (Jul.'25)
  - └ overseas branch-level site roadmaps and KPIs established
- SBTi greenhouse gas reduction certification complete (Jul.'25)
  - └ Mid-term(2030) reduction goal certification by scope
- Established Life Cycle Assessment (LCA) estimation framework
  - └ carbon footprint selected by product (Nov.'25)

Preserving biodiversity

- Increased population of Natural monument (Miho Spine Loach) in Miho River, Jincheon with preservation programs

Continued expansion of Eco-friendly products and technologies

- Established and supplied Electrification parts portfolio
  - └ Expansion of EV portfolio and development of relevant technology
  - └ HEV expansion and EREV development
- Expanding investments in eco-friendly business
  - └ Base establishment in Europe/India, etc.

Social

Employees' 'safe and healthy workplace'

- Regular consultation meetings with suppliers at each site
- Operational status checks through '365 Patrol' in collaboration with external organizations
- Focused management of high-risk 3 major accident types

Human rights management

- assessed and conducted due diligence based on human rights management system

Established a new CSR strategy structure

- 3 Major focus points:
  - └ 'Mobility', 'safety', 'eco-friendliness/future generation'

Supply chain management

- Held regular meetings with partners
- Advanced supply chain ESG Risk Assessment (Revision of diagnostic reports based on the final CS3D framework)

Governance

BoD Expertise/diversity/Independence

- Independent directors with expertise in various fields
- Expanded Sustainability Mgmt. Committee
- Establishment of the board performance evaluation process
- Board Skill Matrix (BSM) disclosure
- Implementation of Lead Independent Director and the Board of Independent Directors

Shareholder Rights Protection

- Established Compensation Committee
- Established Corp. Governance Charter
- Implemented electronic voting
- Appointed an independent director recommended by shareholders (Young CHANG)
- Interim dividend payout
- Share buyback & cancellation
- Live streaming of AGM
- CEO Investor Day

[Appendix] ESG Ratings & Key Improvements

Enhanced Corporate Governance & Proactive Response to Evaluations to Improve ESG Ratings
